

2019

International Conference on Energy Engineering and Environmental Engineering

- ◆ Conference Date: July 19-20, 2019
- ◆ Conference Venue: Beijing Jiaotong University
- ◆ Conference Publication: E3S Web of Conferences; Special Issue of International Journal of Hydrogen Energy

Introduction:

2019 7th International Conference on Energy Engineering and Environmental Engineering (7th ICEEEE2019), is being organized and will be held on July 19-20, 2019 in Beijing Jiaotong University, China. The organizing committee of the conference invites papers from researchers and practitioners from academic as well as industry within the scope of the hydrogen production technology, hydrogen fuel combustion and application control, hydrogen fuel cell, hydrogen energy economy and environment.

Publication:

All papers, both invited and contributed will be reviewed by two or three experts from the committees. After a careful review process, the accepted papers will be published in E3S Web of Conferences [eISSN : 2267-1242] and all papers will be submitted to CAS, CPCI, Scopus, Compendex and so on. The excellent articles will be selected for the publication in International Journal of Hydrogen Energy (ISSN: 0360-3199).

Submission:

- 1.CMT System: <https://cmt3.research.microsoft.com/ICEEEE2019>
2. Email: cfp@iceeee.org

Important Date:

Submission Deadline: May 30, 2019
Registration Deadline: June 28, 2019

Acceptance of Notification: June 14, 2019

Look Forward to Your Participating!
